“ Sue attended our bible study every Tuesday night for quite a few years...I loved her the minute I met her...what a warm and caring woman...she loved people and loved helping anyone she saw needed a helping hand...her insight into the Lord's Word was so refreshing...no matter what bible book we decided to study, Sue was always excited about it. Sue and I also had a special caring for our President. Periodically our bible study group would send an encouraging card to the White House telling President Trump that we were praying for him every day. We were so excited when he responded to our team with a personal letter to us! I will miss Sue so much...our bible study group will never be the same without her. Will I be excited to see her in heaven some day...you bet I will! My heart aches because I won't be able to hug and laugh with Sue here on earth but so happy she is with our Savior enjoying the daily walks with Him! Marlane Bengry
